

THE LUNDBECK FOUNDATION 2018

8 February 2018, from 13-15, Aarhus University

THEMATIC CALLS ABOUT BRAIN DISEASES

The Lundbeck Foundation's Thematic Calls 2018

BRAIN DISEASES

8 February 2018, from 13-15, Høegh-Guldbergs Gade 6B
AIAS, Auditoriet, building 1632, Aarhus University

Learn more about the Thematic Calls from the Lundbeck Foundation, seize the opportunity to present and discuss potential projects and applications, expand your network and search for interdisciplinary co-operations across Aarhus University, and between university and hospital. In other words, make use of this exclusive occasion to try out new ideas and pose questions to the right people!

- [What causes brain disease?](#) Deadline 22 March 2018
- [How do we best advance personalised medicine for brain diseases?](#) Deadline 19 April 2018

Programme

- 13.00** **Welcome** by Ole Steen Nielsen, Vice-dean at Health
- 13.05** **Behind the calls** by Sissel Vorstrup, Associate Director of Research, Lundbeck Foundation
- 13.15** **The researchers have the floor:** presentations of the initial ideas
- 14.55** **Closing remarks,** Vice-dean Ole Steen Nielsen
- 15.00** **Networking** (coffee, tea and cake)

Registration and questions

For information about participation and presentation or general questions about the workshop, please contact Henry Andreasen, the Dean's Secretariat at Health, ha@au.dk. The deadline is 6 February. If you want time to pitch your own ideas at the workshop we encourage you to register as early as possible.

Questions concerning applications must be addressed to the Research Support Office.

Best regards

Ole Steen Nielsen, Vice-dean for Research, Health, in co-operation with the Research Support Office
